Re: Use of Star Pipe Products Joint Restraint products on JM Eagle C909 PVCO Pipe

We are excited to announce that Star Pipe Products has successfully completed testing of JM Eagle's Ultra Blue™ C909 PVCO pipe in sizes 6" through 16" with Star joint restraint products. Star restraints are available for the full size range (6" through 16") of JM Eagle's C909 PVCO pipe, and have maximum pressure ratings of up to 235 psi with a 2:1 safety factor.

Please contact the factory with system test and operating pressures for specific Star restraint recommendations.
